The G.O.No:2380 Ms: dated 21-11-30 sanctioning a sum of Rs 750/- as subsidy for repairs to play ground attached to the High School was received in this office on 26-11-30. The plan & estimate relating to this work were sent to the Director of Public Instruction who had in turn submitted them to the Government. On application from this office, the plan and estimate were received back from the Government in this office only on 18-1-31. Tenders were called for, for the first time on 29-1-31 as per original estimate. The estimate which was prepared in 1928 as per P.W.D. schedule of rates was revised with reference to the Municipal [illegible]

fresh tenders were called for on 10-2-31 and they were opened on 19-2-31. It was only in the beginning of March 1931, the work was taken up after obtaining the necessary agreements from the selected contractor. On account of the difficulty in the nature of the soil etc, the work could not be completed within that short space of 1 month. A sum of Rs 377-11-0 was alone spent within the year (30-31) and the proportionate grant of Rs 189/- alone was claimed.

B/

2 I therefore request the Government to provide the balance of grant of Rs 561/- sanctioned in the above order in the current year's allotment and accord sanction for completion of the work. Otherwise, the money already spent over it will be an unprofitable outlay. In anticipation of Government sanction I am proceeding with the work.

In G.O. 2380 Edn., dated 21-11-30, the Govt. sanctioned a half grant to the Bellary Municipal Council, amounting to Rs. 750 towards the cost of repairs to the playground attached to the Municipal High School, and authorised the A.G. to place the amount at the disposal of the Municipal Council on production of necessary vouchers.

The Municipal Council drew a grant of only Rs. 189 before the close of 1930 and the balance of the grant lapsed.

2. The Chairman now requests that the lapsed grant (Rs. 750 minus 189) Rs. 561 may be re-allotted in the current year.

Law (Edn.) propose to sanction the amount in the current year.

3 Submitted that, strictly speaking, the present claim should be rejected as belated as the entire grant should have been drawn before the close of 1930-31 - see Articles 35-A(b) and 35-D(ii) of M.F. & A.C. The Govt. have, however, agreed to admit belated claims in cases where strong reasons are urged for the delay. In the present case the Chairman has stated that the plans and estimates which ha been submitted to Govt. along with the application for the grant were received back only 18-1-31, tenders were called for on 10-2-31 and the work put on hand only in the beginning of March 1931.

Submitted that in the circumstances stated the claim for the lapsed grant may be admitted.
